Rumbles of Factional
Disturbance — Con

CLEVELAND, O., June 6, A. P.—At the Gowanus basin for the third time this season, although some wind speed today, the exposure naturally began to develop. From fifteen came a number of the fractional disturbance, the extent of which was not fully disclosed, while those few on the ground here who have been

looking over the field before expressing their preferences made quite a point out of the well emphasized fact that while it was made known that President Coffidge regards Mr. Lowden as an acceptable running mate, the president has not endorsed him for the nomination nor turned his hand in favor of him or any other

Hands Off Policy
William L. Butler, the president's campaign manager and chairman of the incoming national committee, emphasized again today that the president had expressed no preference was taking no part in the contest, and was leaving it all to the convention in pursuance of his announced policy of hands

That was indeed quite in a cord with what the Lowden boomers have understood along. They do not construe the statement that the president regards Mr. Lowden as an agreeable selection as word that the president wants him nominated.

Accordingly with the knowledge that their candidate would not be a disagreeable selection they have gone to work with renewed efforts to accomplish their purpose.

Of course, somebody else may be nominated but today, the days before the convention assembles, practically all the

While the discussion of vice-presidency and the platform went forward, the National committee worked further on contests for seats in the convention disposing of all those remaining

Contest Compromises
In two of three cases held today—Texas and Georgia—first compromises were entered into. In the third case, that of the delegates at large from A

unanimously to send National Committeeman Remmel and his associates, Mrs. H. H. Foster and Wallace Townsend, of Little Rock, and J. W. Grubiel of Fayetteville, over the delegation headed by Scipio Jones, a negro.

All of the Texas delegation headed by National Commit-

man Creager, was seated on the contestants under E. H. Green of Terrell, son of the Hetty Green, but contestants were given seats in the eighth and ninth districts with an equal vote each.

Ninth, Joe E. Haller of Victoria is the leader of the Cronger organization and Dr. Beardsley of Dallas is the leader of the Green faction. The contest between the two is being waged by W. E. Haisley of Sinton, against R. B. Morris of Houston for the Cronger organization and F. Richardson of Houston for the Green organization.

Reopening the Georgia committee gave a seat in the third district to E. S. Richardson of Marshallville, with a vote and permitted A. L. Fel a Henry Lincoln Johnson d

KILLED OPOSSUMS
George R. Fox, living north-
west of Chicago, recently caught
an opossum invading his chicken
roost. The animal was the
mother of fourteen little ones,
which she carried in her pouch.
They were quite active and about
the size of a half grown rat.
Mr. Fox made away with the
whole family.

NEW YORK. June 6. Stock
prices weakened perceptibly to-
day under the persistent hammer-
ing of professional traders. En-
couraged by the success of a drive
against the oil shares based
on a fresh cut in Mid-Con-
tinental Crude oil prices, they ex-
tended their operations to other
sections of the list, forcing sharp
declines in steel, sugar, rubber and
specialty issues. At the close of
the day thirty industrial stocks,
including U. S. Steel, were in new
low ground for the year.

No new developments were
brought forward today to account
for the drop of 12 points in U. S.
Steel to the year's lowest level at
91, although reconsideration of the
weekly crude reports.

Receding operations of 1923
percent and an upward trend de-
cline in pig iron production in
May, contributed to its weakness.

Bethlehem also touched a new
low price at 15 1/2, Republic at 12 1/2
and Vanadium at 20.

The reduction of 10 to 20 cts.
in mid-continental crude oil
prices, precipitated a 10 cts.
attack on the oil shares and
4 cts. in heavy, in trading oil
shares.

Foreign exchanges were firm.
French francs regarded substi-
tuted improvement, apparently on
the receipt of the approval of the
Davos report and late in the day
was selling around 5.15 cents.
Sterling was slightly heavier
after 4 1/2. Call money after open-
ing at 3 1/2 percent the lowest re-
cent level in two years, later
sagged off to 2 1/2 percent.

Total stock sales, 650,700.

F. E. WANAMAKER HAS BUSY TIME IN OFFICE
By the semi-annual report, ending May 31st, made by Clerk of the Circuit Court and Ex-Officio Recorder, F. E. Wanamaker to the county commissioners the sum of \$1102.95 in earned fees, which was turned over to County Treasurer W. H. Weatherford is indicative of the increased amount of work which is accomplished at Mr. Wanamaker's office, both in the circuit clerk's and recorder's offices.

This amount does not include fees earned in court and money which are due the clerk from the county but are fees actually turned in by the two offices. Regardless of the increased business the work is being carried on with the same efficiency and promptness that was true of less busy times.

MORGAN CO. MOTOR CO. "THE BUICK GARAGE"

All Set For Opening Of Scout Camp Next Week

The committee on camping of the local Boy Scout Council have made possible a real opportunity for the boys of Jacksonville in the form of a wonderful vacation time camp.

The site of the camp is located near Mercedosa, Ill., on "Mercedosa Bay" at the Rotary club which has been so splendidly equipped by Jacksonville Rotary for just such outings.

The building in which the boys will be housed is well adapted to the purpose and provides every comfort necessary.

The camp this year will be divided into four sections of seven days each, beginning Monday, June 10th. The first three periods will continue until July 7th. The last section will be held late in August. This arrangement is made in order to take care of a number of boys of the various troops who find it more convenient to go camping during the late summer.

Plans are being made to take care of nearly 200 boys during the four periods. Every care has been taken in planning of the program so as to make this vacation one never to be forgotten by all who attend.

The adult leadership has had careful consideration. Every safeguard for the moral and physical safety for the boys will be provided, especially so with regard to swimming and "exploration hikes."

The "swimming" hole is not dangerous in any way if common sense and reasonable care are exercised in connection with this part of the camp life and it is the plan of the camp committee to see to it that the exact spot where the scouts will be allowed to swim shall be properly roped off and that proper and sufficient supervision shall be given this most attractive and worth while camp activity. The boys who can not swim, or swim the least bit doubtful about their ability in this line will be given special attention. A system of supervision of all forms of water activities of the camp, which has been used successfully in hundreds of boys' camps and has never yet failed, will be incorporated. Several capable life guards will be on hand during all swimming periods.

Daily Schedule
The big idea in successful scout camps is to carry out the idea that life is dangerous, and that following schedule, or daily program will give an idea as to how the camp will be conducted:

6:00 a. m.—Reveille.
6:20 a. m.—Assembly, setting up, exercise, and morning dip.
6:45 a. m.—Out of the water, and prepare for breakfast.

7:15 a. m.—Breakfast.
8:00 a. m.—Morning assembly, morning inspection.
8:45 a. m.—Patrol leaders council.

9:00 a. m.—Scout instruction, games, etc.
10:00 a. m.—Morning swim.
11:45 a. m.—Dress for dinner and take in blankets.

12:00 p. m.—Dinner.
1:00 p. m.—Rest period, letters, library, etc. ("Bunk time," but not in bunk).
2:00 p. m.—Games, instruction, hikes, etc. (Scoutmaster period with his troop).
4:30 p. m.—Afternoon swim, water sports, contests, etc.
5:00 p. m.—Come out of the water, dress, arrange tents for the night.

5:30 p. m.—Evening inspection, retreat, or lowering of colors.
6:00 p. m.—Supper.
7:00 p. m.—Campfire, stories, stunts, games, serenades.
9:00 p. m.—Tattoo.
9:15 p. m.—Taps.
9:15 to 9:30 p. m.—Officers council.

Note: When necessary the camp court will convene just before the camp fire period to attend to the disciplinary cases.

Discipline Not Oppressive
The camp program offers too many attractive activities of a worth while nature to allow a boy an opportunity to get into trouble.

The law of the camp will be the Scout Law: A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent and unless a law is made and he will not be aware of any discipline at all. The government of the camp will be conducted along the lines of a small community with a democratic form of government rather than a military one.

The supervision of the camp will be under the direction of the committee on camping composed of C. V. Rowe, chairman, Dr. G. M. Norbury, Dr. W. P. Duncan, Fred Capps, Frank Hagel, Henry Frisch. These men will devote as much of their time as possible toward the successful operation of the camp.

The supervision of the camp will be conducted by Dr. Norbury and Duncan of the camp committee.

There will be a weekly inspection of the camp as to health and sanitation. These inspections will be conducted by Dr. Norbury and Duncan of the camp committee.

The following rules will be strictly enforced in connection with the camp program:

No firearms allowed in camp. No swimming by boys except at the regular periods, and then only under the supervision of the life guards.

Each boy must deposit all the money that he brings in the camp bank.

No boy will be allowed to spend more than 15 cents a day in the camp store.

No one will be excused from the daily program except in the case of sickness.

No boy will be permitted to leave camp without the permission of the camp director, and he only.

All lights out and no talking in the tents of Scouts after 9:15.

Smoking or bad language will not be tolerated.

Religious Observance
Every Scout will have opportunity to attend church at Mercedosa. The Catholic boys will have the opportunity to attend mass.

"A Scout is Reverent" (12th Scout Law). Arrangements will be made to take care of this matter for both Catholic and Protestant boys which will be satisfactory to all concerned.

The camp is about an hour's drive from Jacksonville over good roads and thru a beautiful countryside.

SCOTT CO. RESIDENT IS TAKEN BY DEATH

Murrayville, June 6. James R. Ring, who resided six miles northwest of here in Scott county was found dead in a yard yesterday morning.

Coroner Webster conducted an inquest on the death of the decedent and the jury returned a verdict to the effect that the death was caused by arterio-sclerosis.

Mr. Ring was aged 62 years at the time of his death, the date of his birth being August 12, 1860. Practically all his life has been spent in his farm home in Scott county. His wife preceded him in death about nine years ago. He is survived by two sons, Thomas of Murrayville and Clarence at home and two daughters, Miss Stella at home and Sister Rita of Springfield.

Funeral services will be conducted Monday morning at 10 o'clock at the Catholic church here with interment in St. Mark's cemetery.

Visitors will always be more than welcome at the camp between 9 a. m. and 9 p. m. No meals will be served to visitors, however, for obvious reasons. Therefore they are urged to bring picnic lunches for themselves only. Visitors are requested not to bring luxuries, sweets, cakes, etc., except when they are inclined to bring enough to treat the entire camp, which always makes a decided hit with the boys.

This camp is a practical demonstration of the community investing in its future manhood, and its needs. Anyone wishing further information should call Scout Headquarters, 1182.
